Digital Safety is extremely important in school and at home. Suggestions from the experts:

- ♦ Keep your computer in a public area of your house.
- ♦ Post your internet rules next to your computer. Monitor your child's use consistently and often. Be involved in what they are viewing and sending.
- ♦ Decide on a fair amount of time that your child can spend online or gaming each day. Have alternate activities ready including spending time with you.

Books are one of life's greatest treasures. Through fiction and nonfiction, we learn empathy and about the world around us. Spend time with talking about what everyone is reading in your family!!
